

One Objective, Changing Structure

Situated objective

experience, knowledge, biological constitution
social position, cultural context

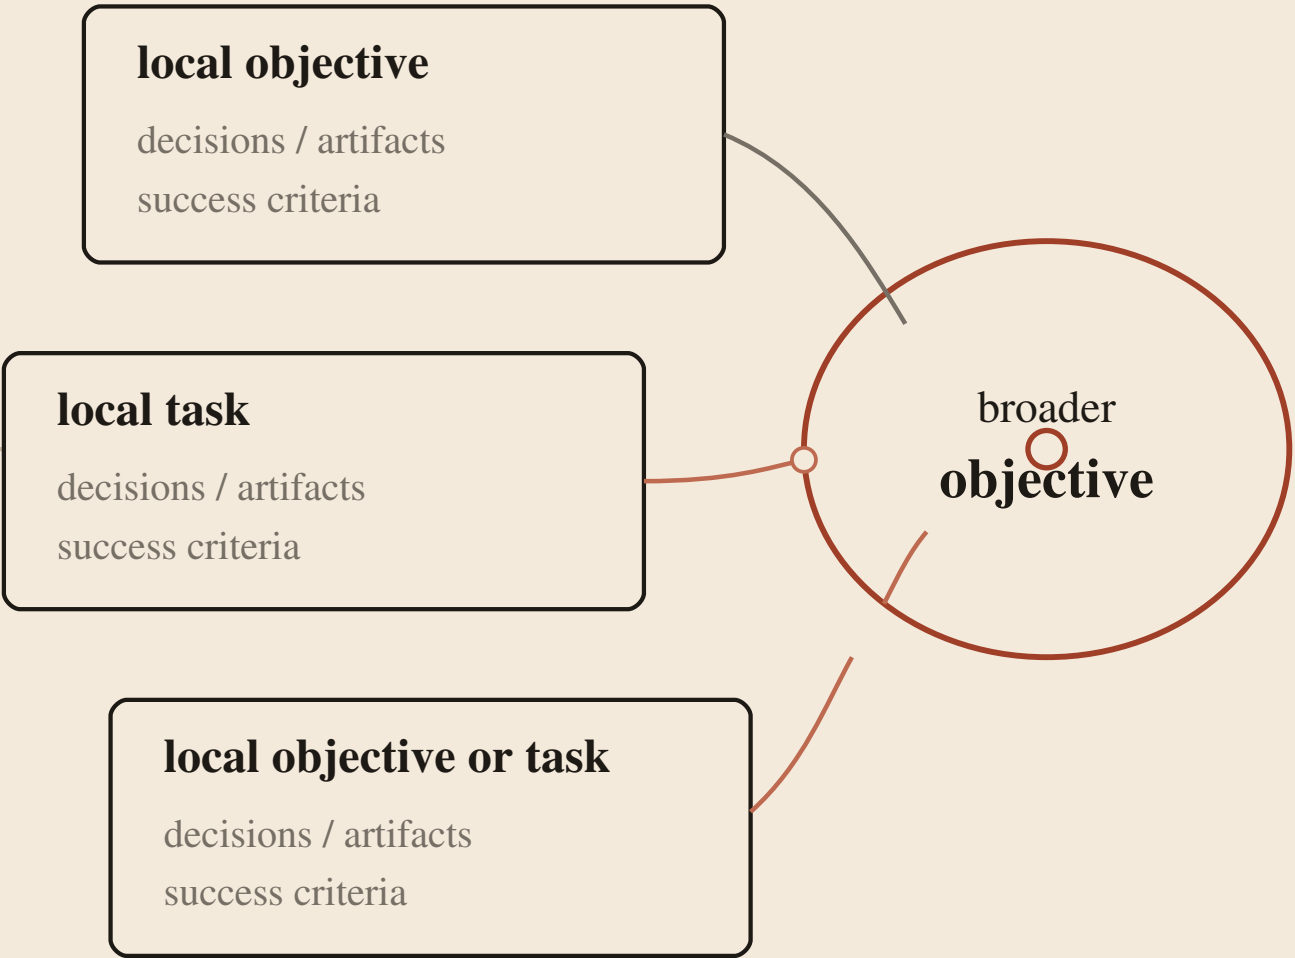

Evolving composition

Bounded work

each carries only partial purpose, assumptions,
and prior decisions

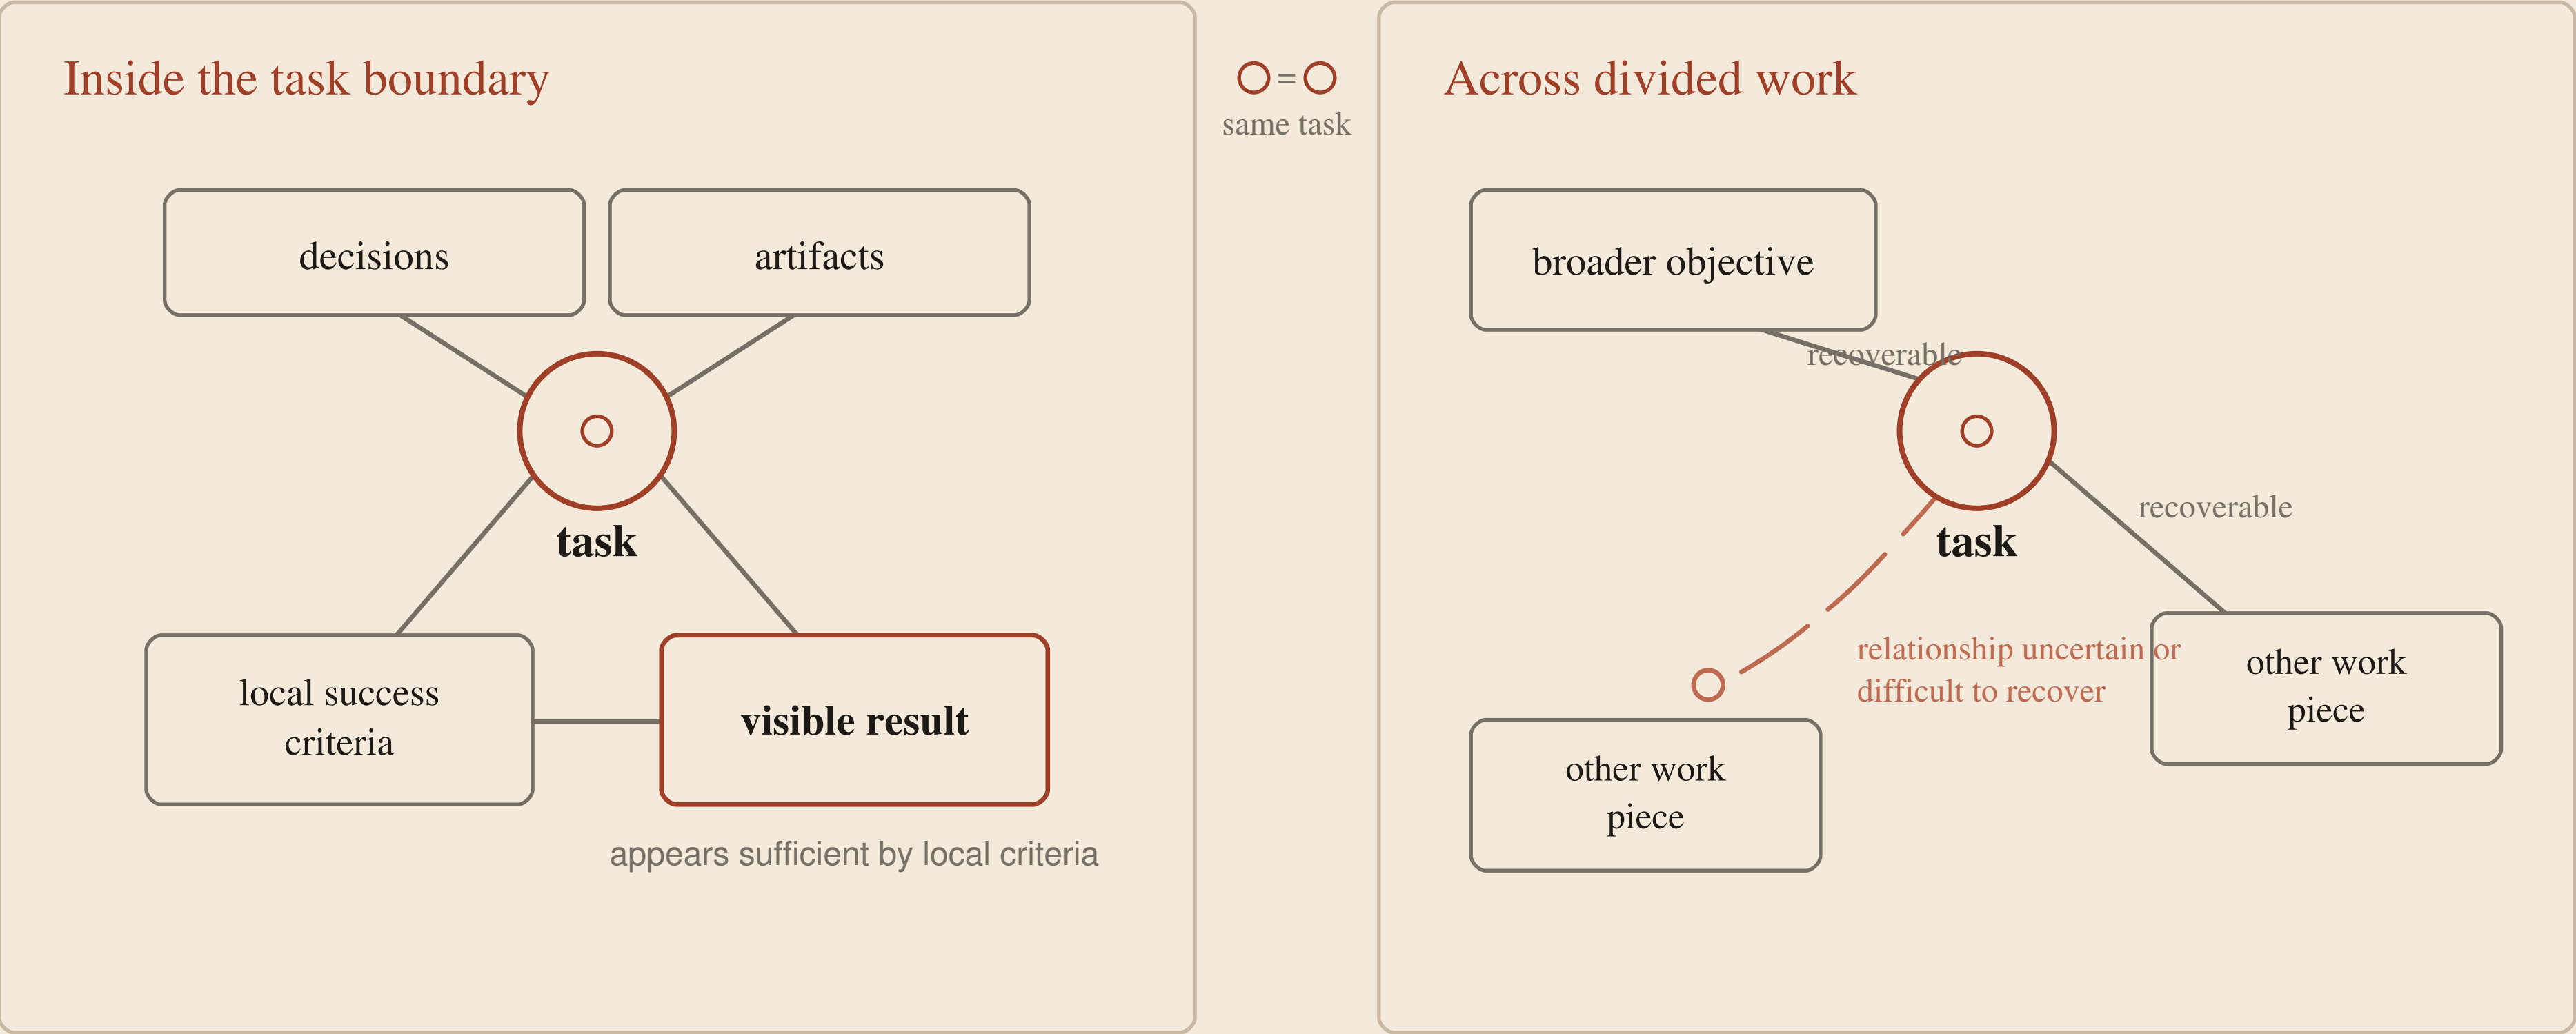

focused work becomes possible

/

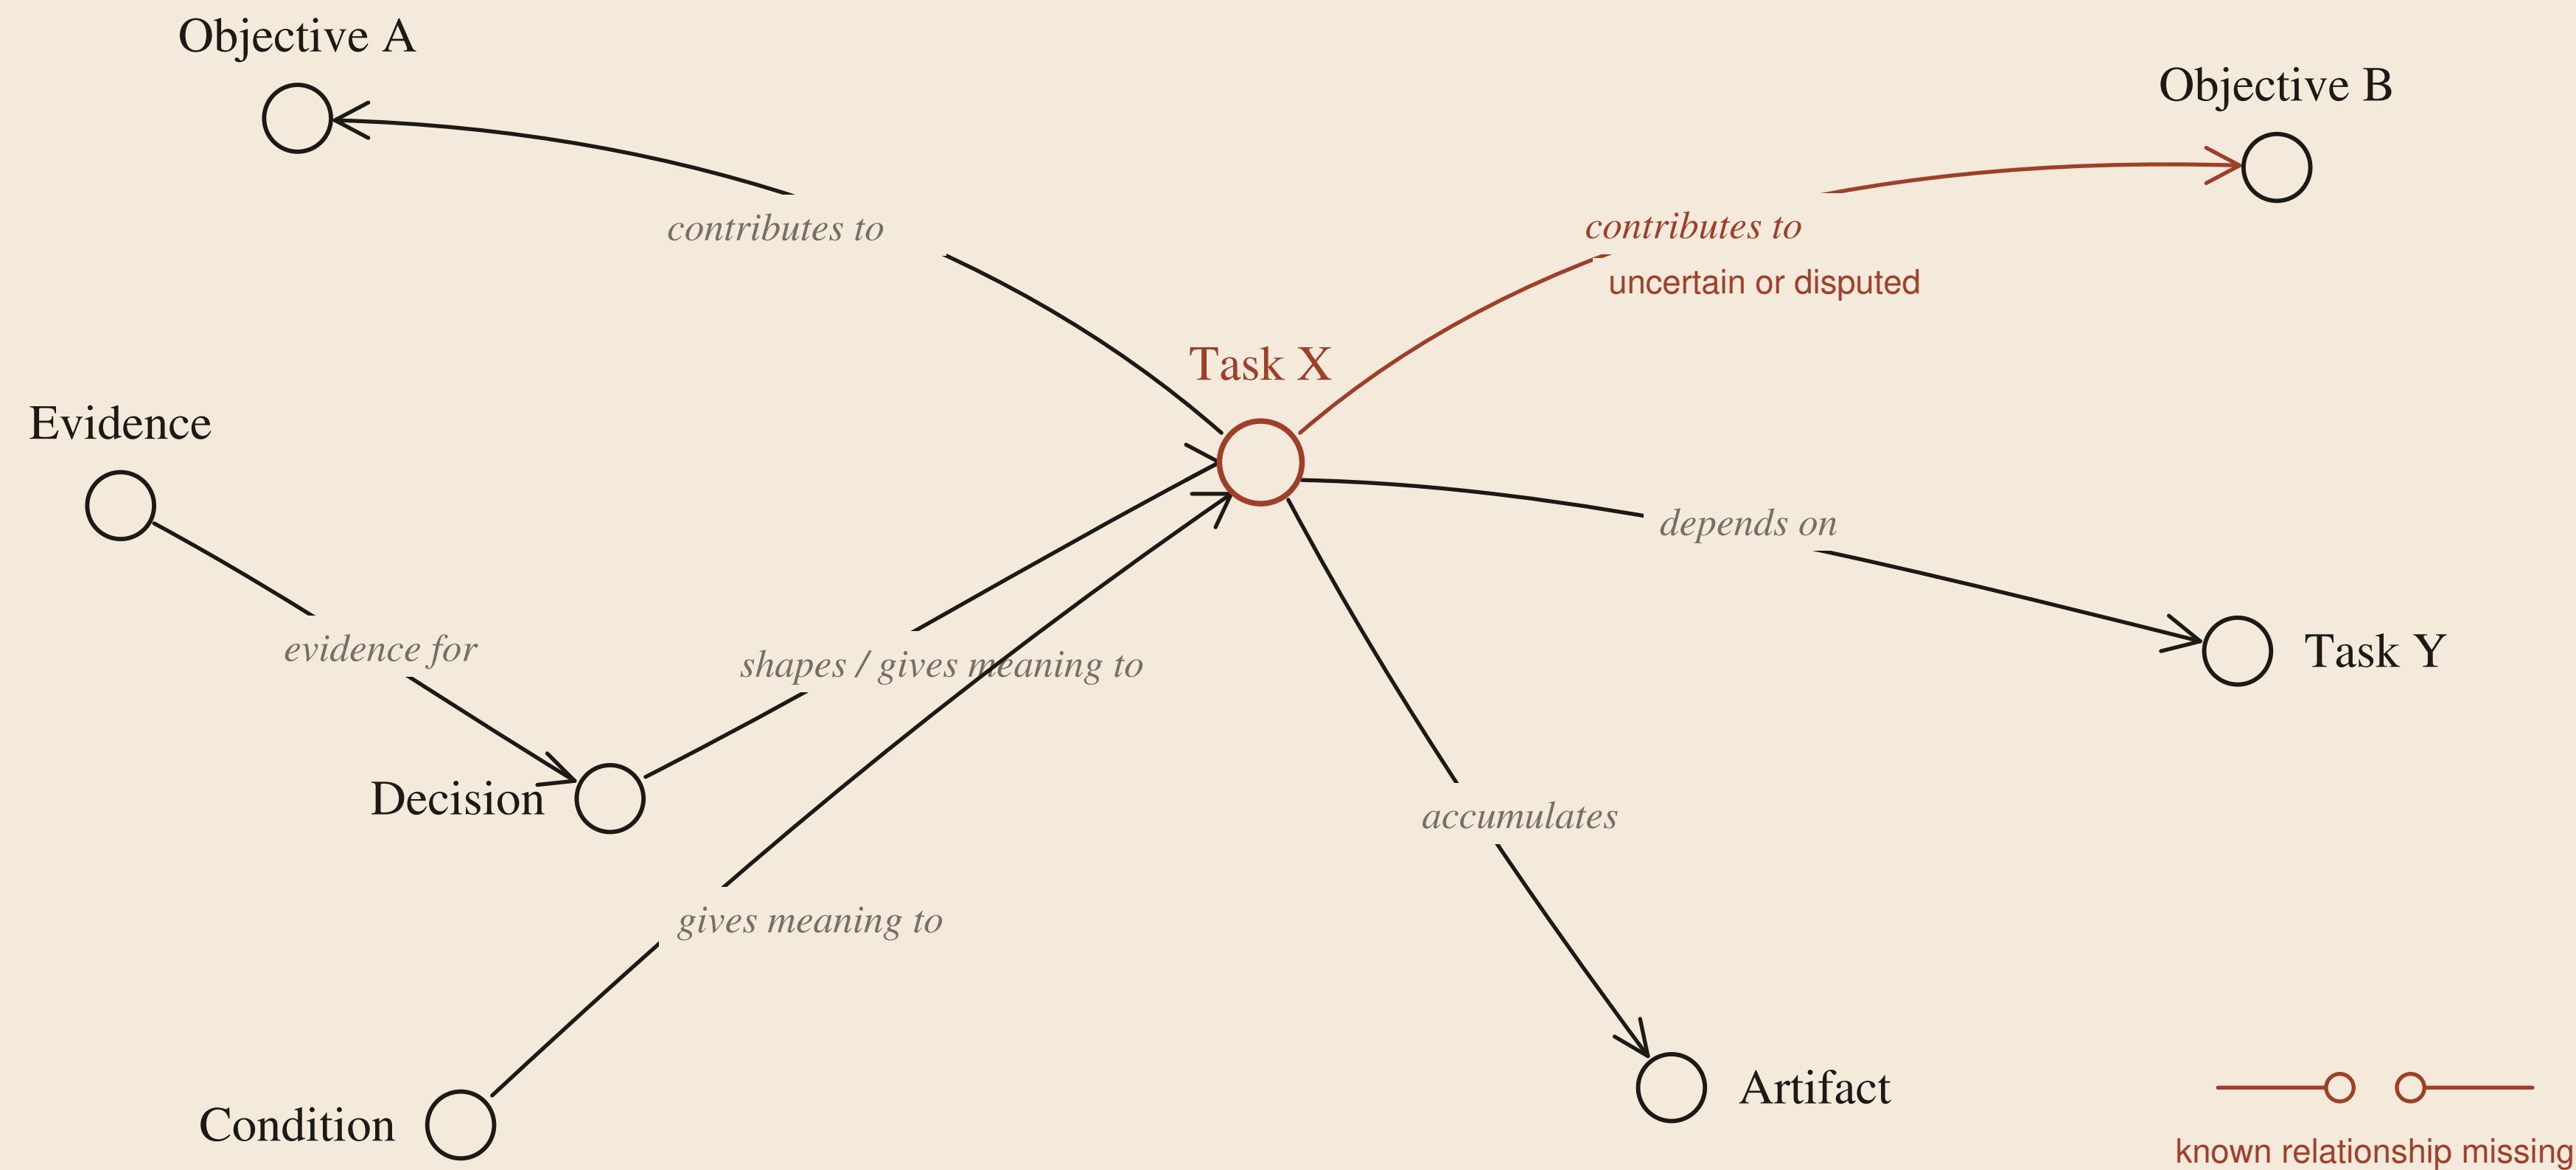

context of the whole becomes distributed

Locally Clear, Composition Uncertain

Local evidence can be sufficient for action without being sufficient to judge composition.

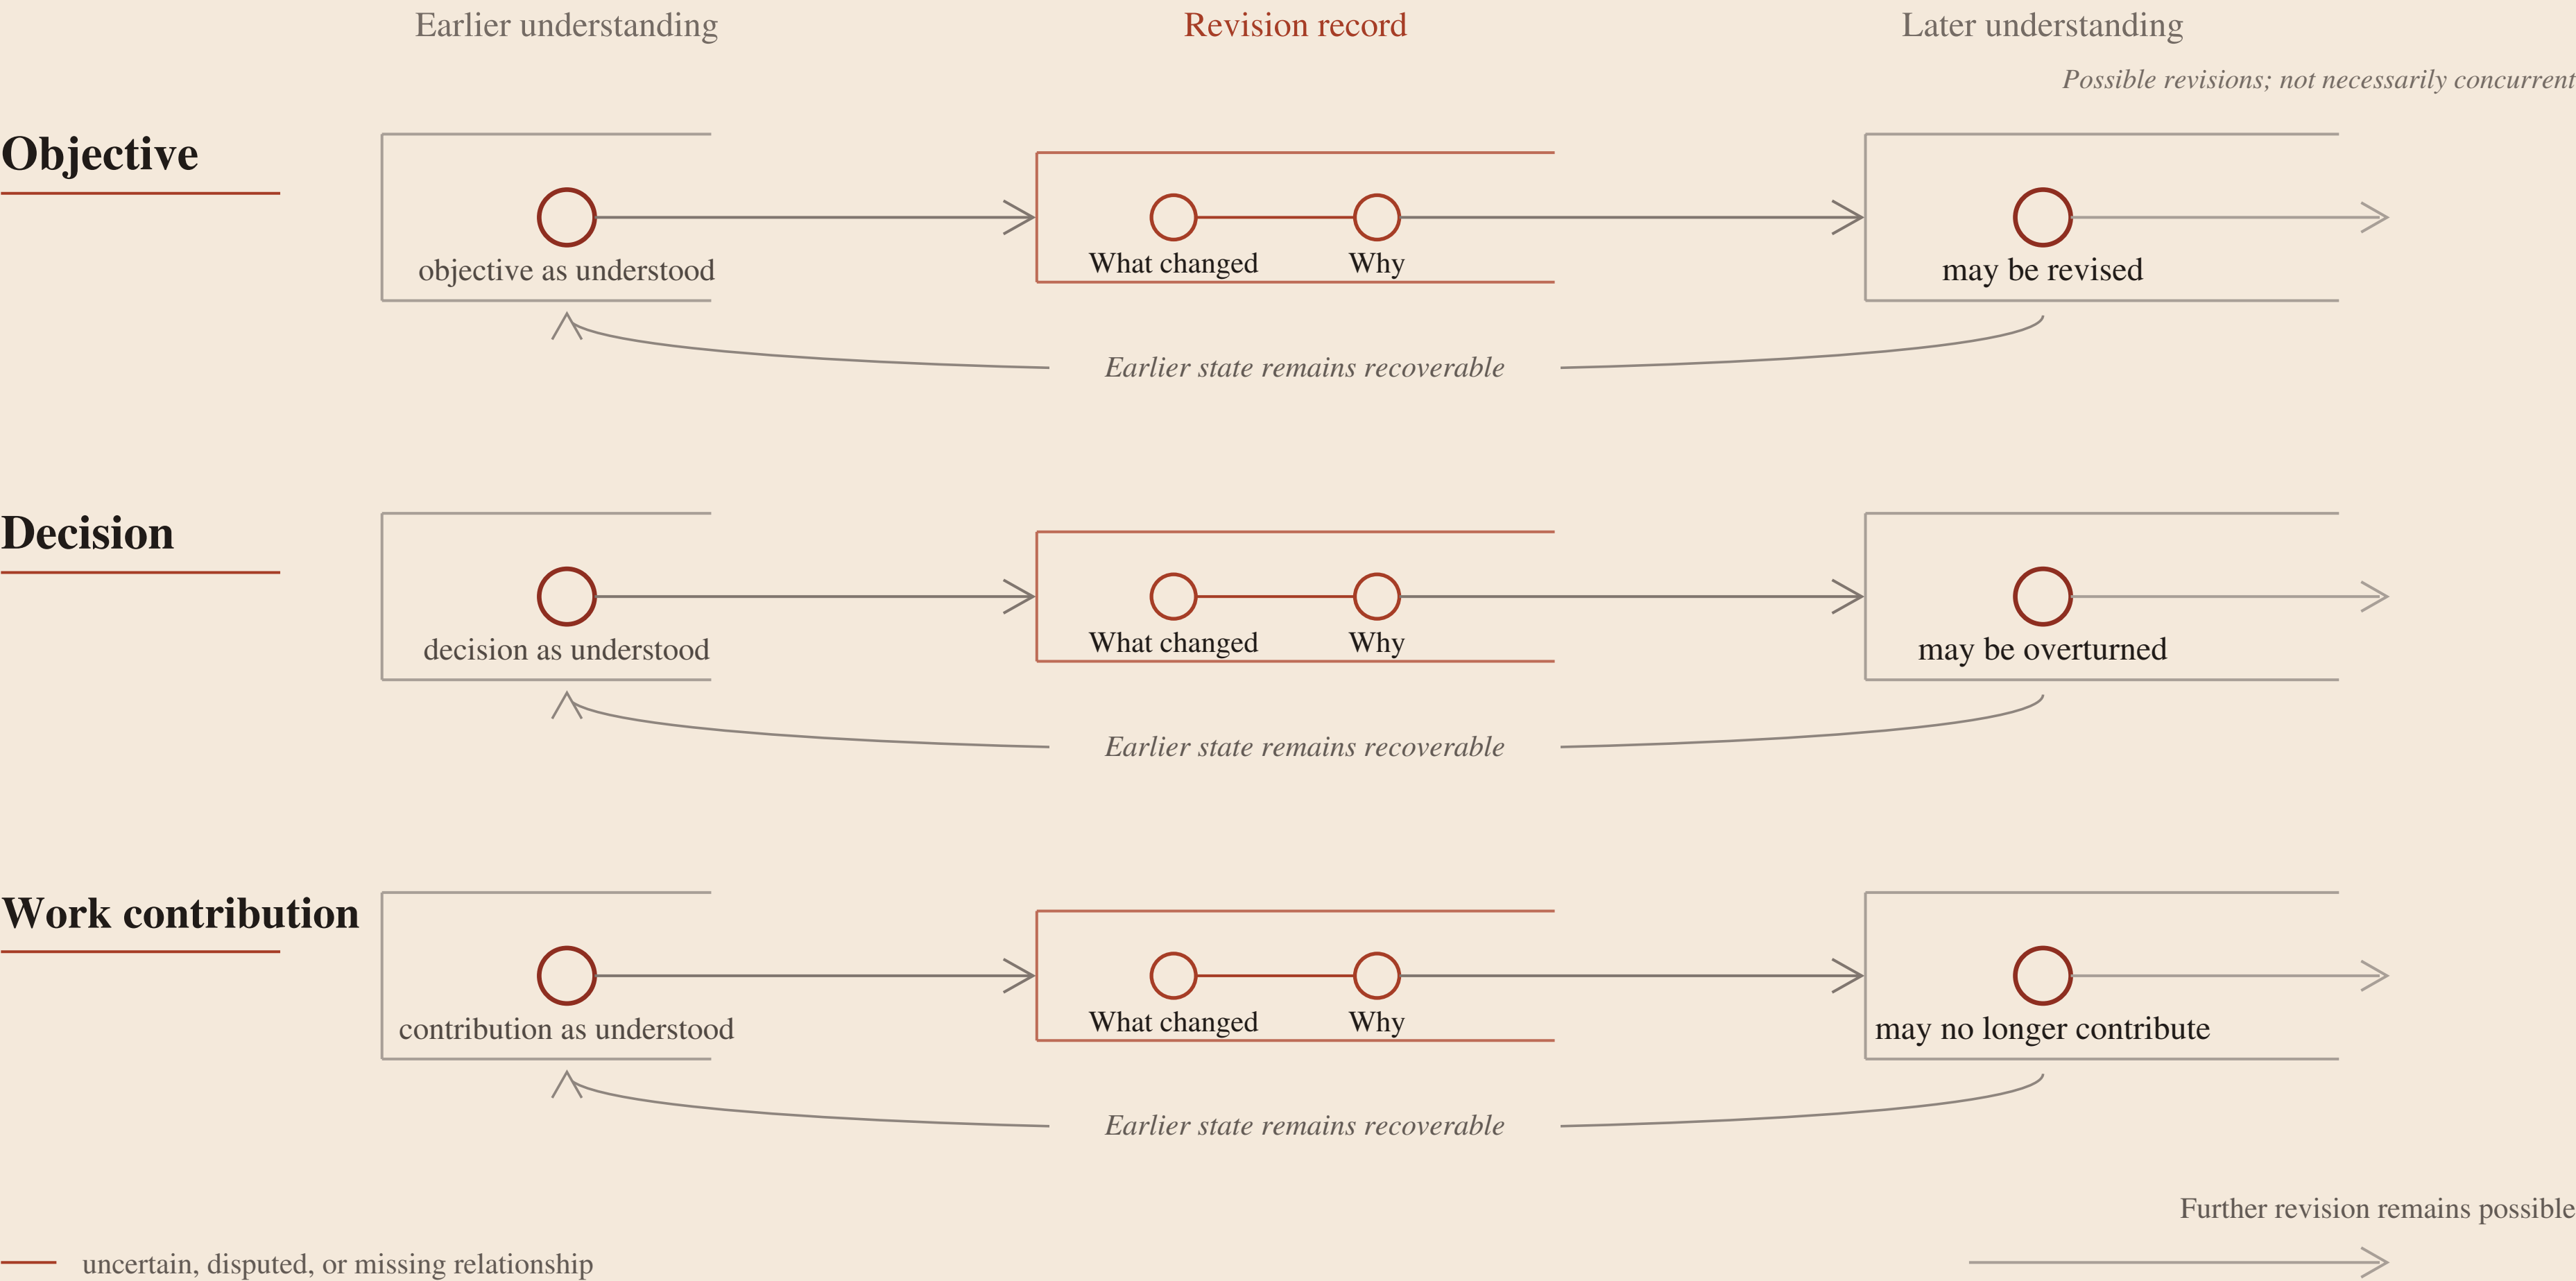

Relationships Without a Fixed Hierarchy

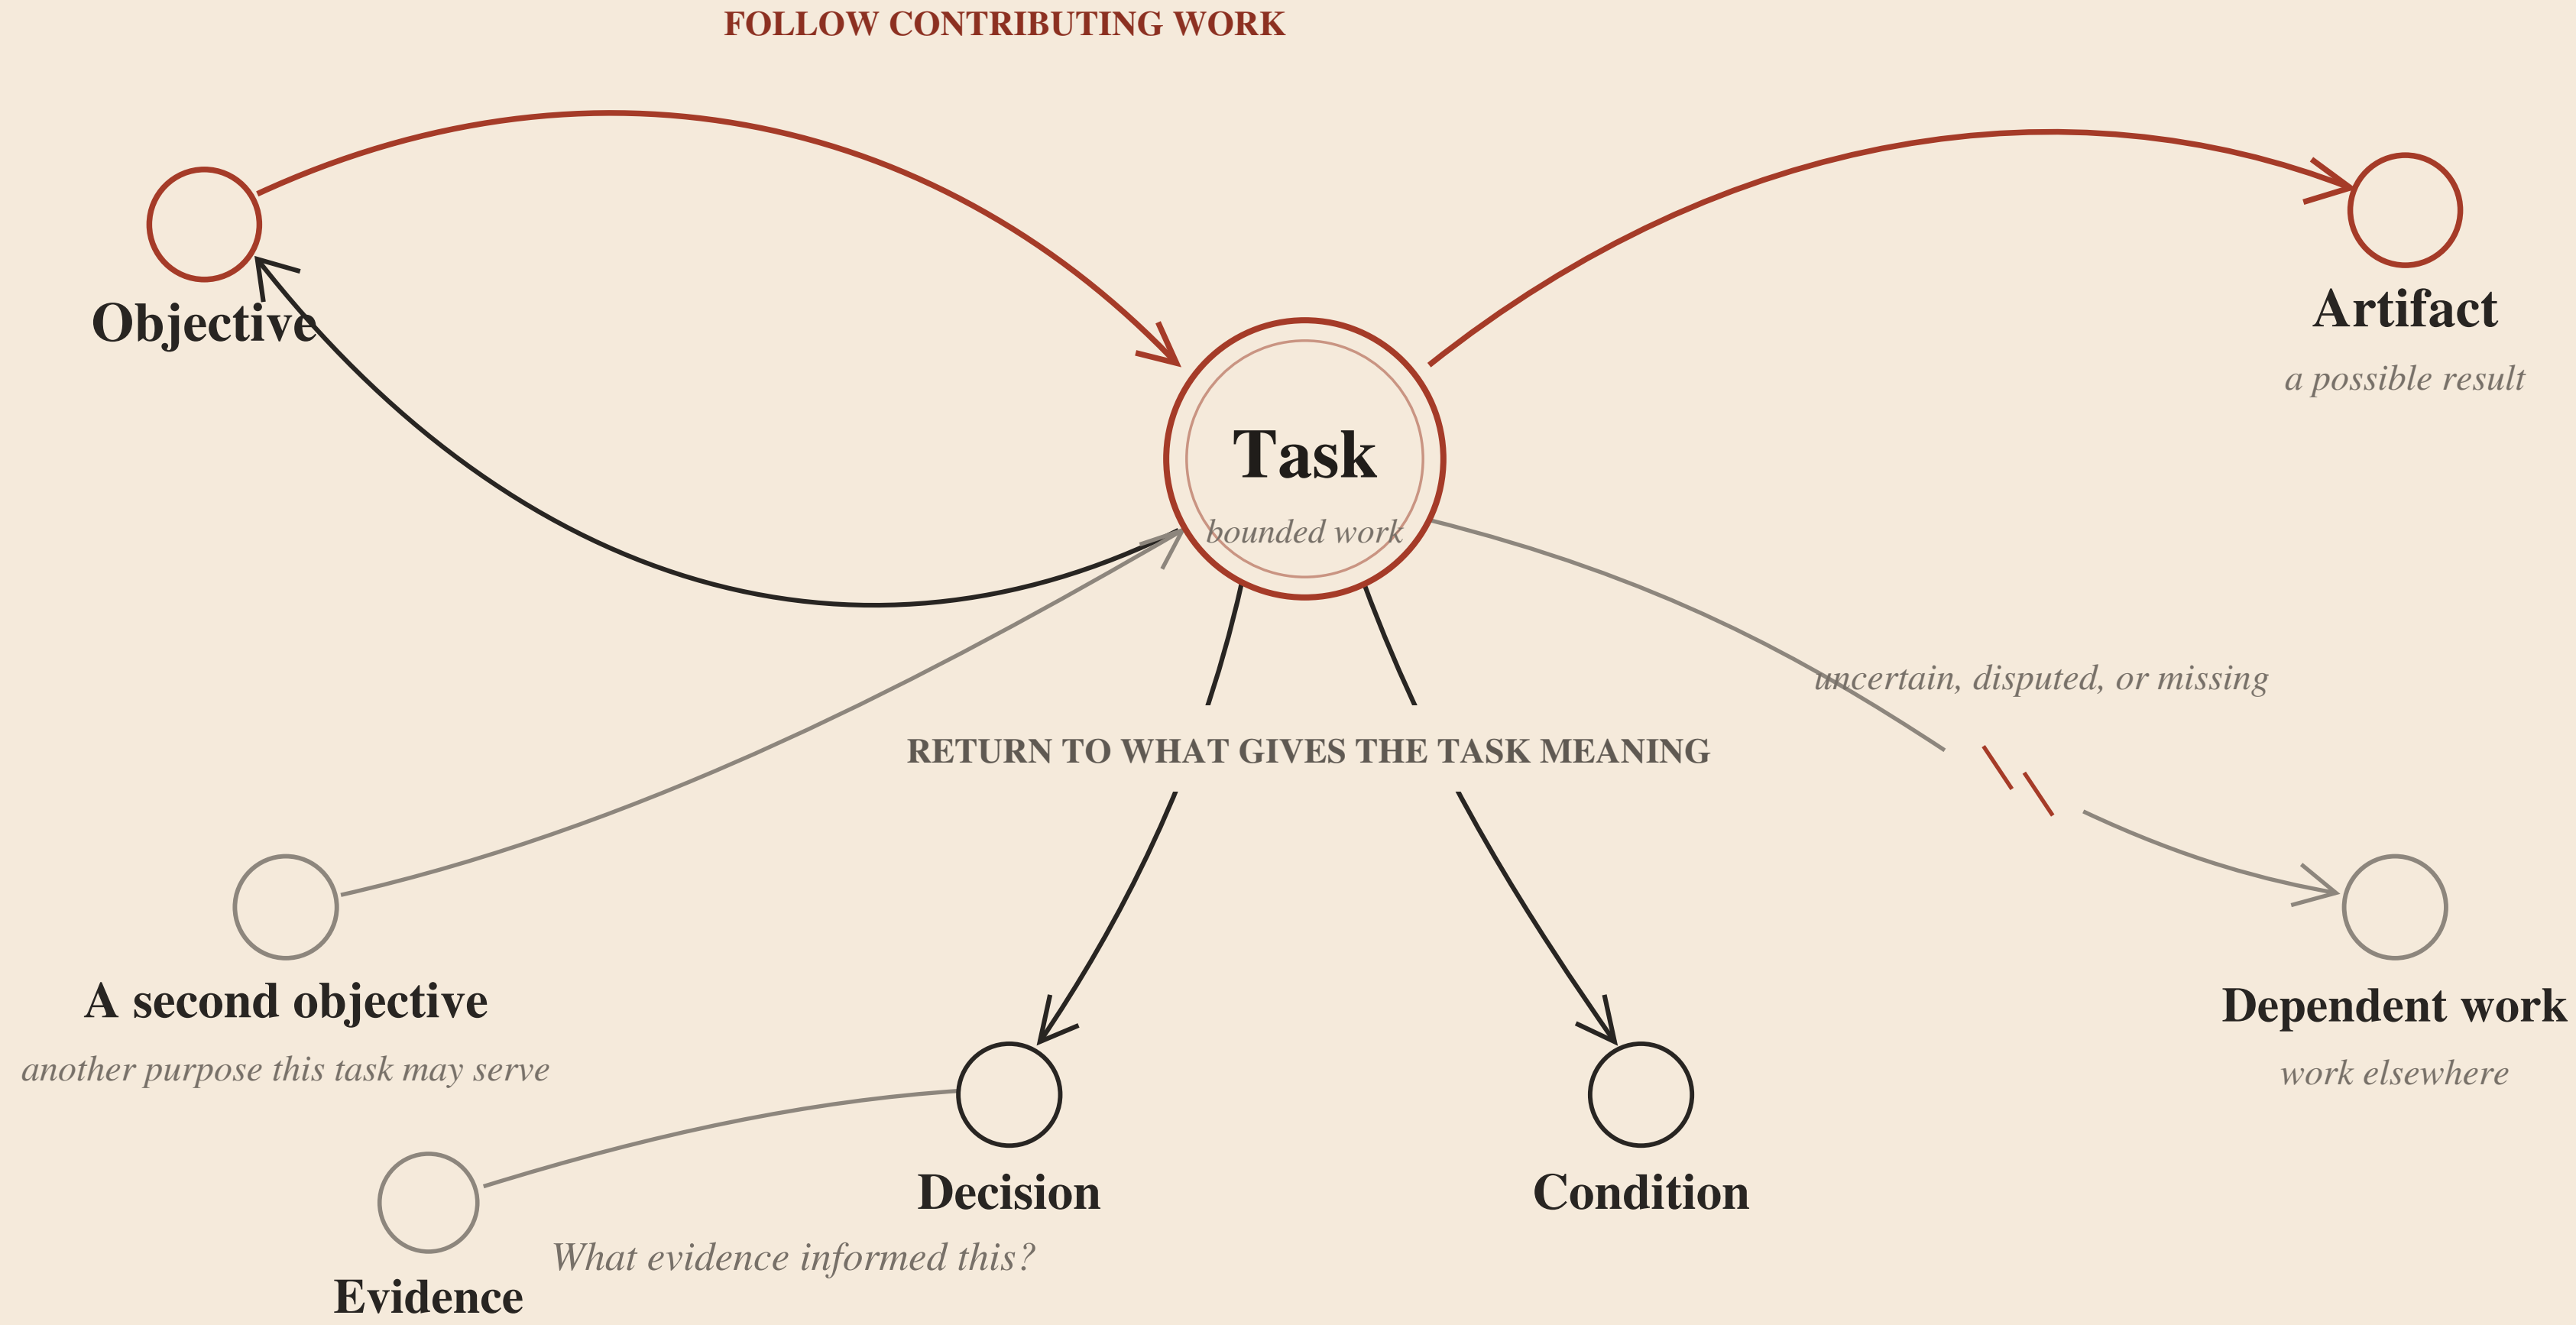

Each recorded relation can be inspected from either endpoint.

Representative, not complete.

Revision Without Erasure

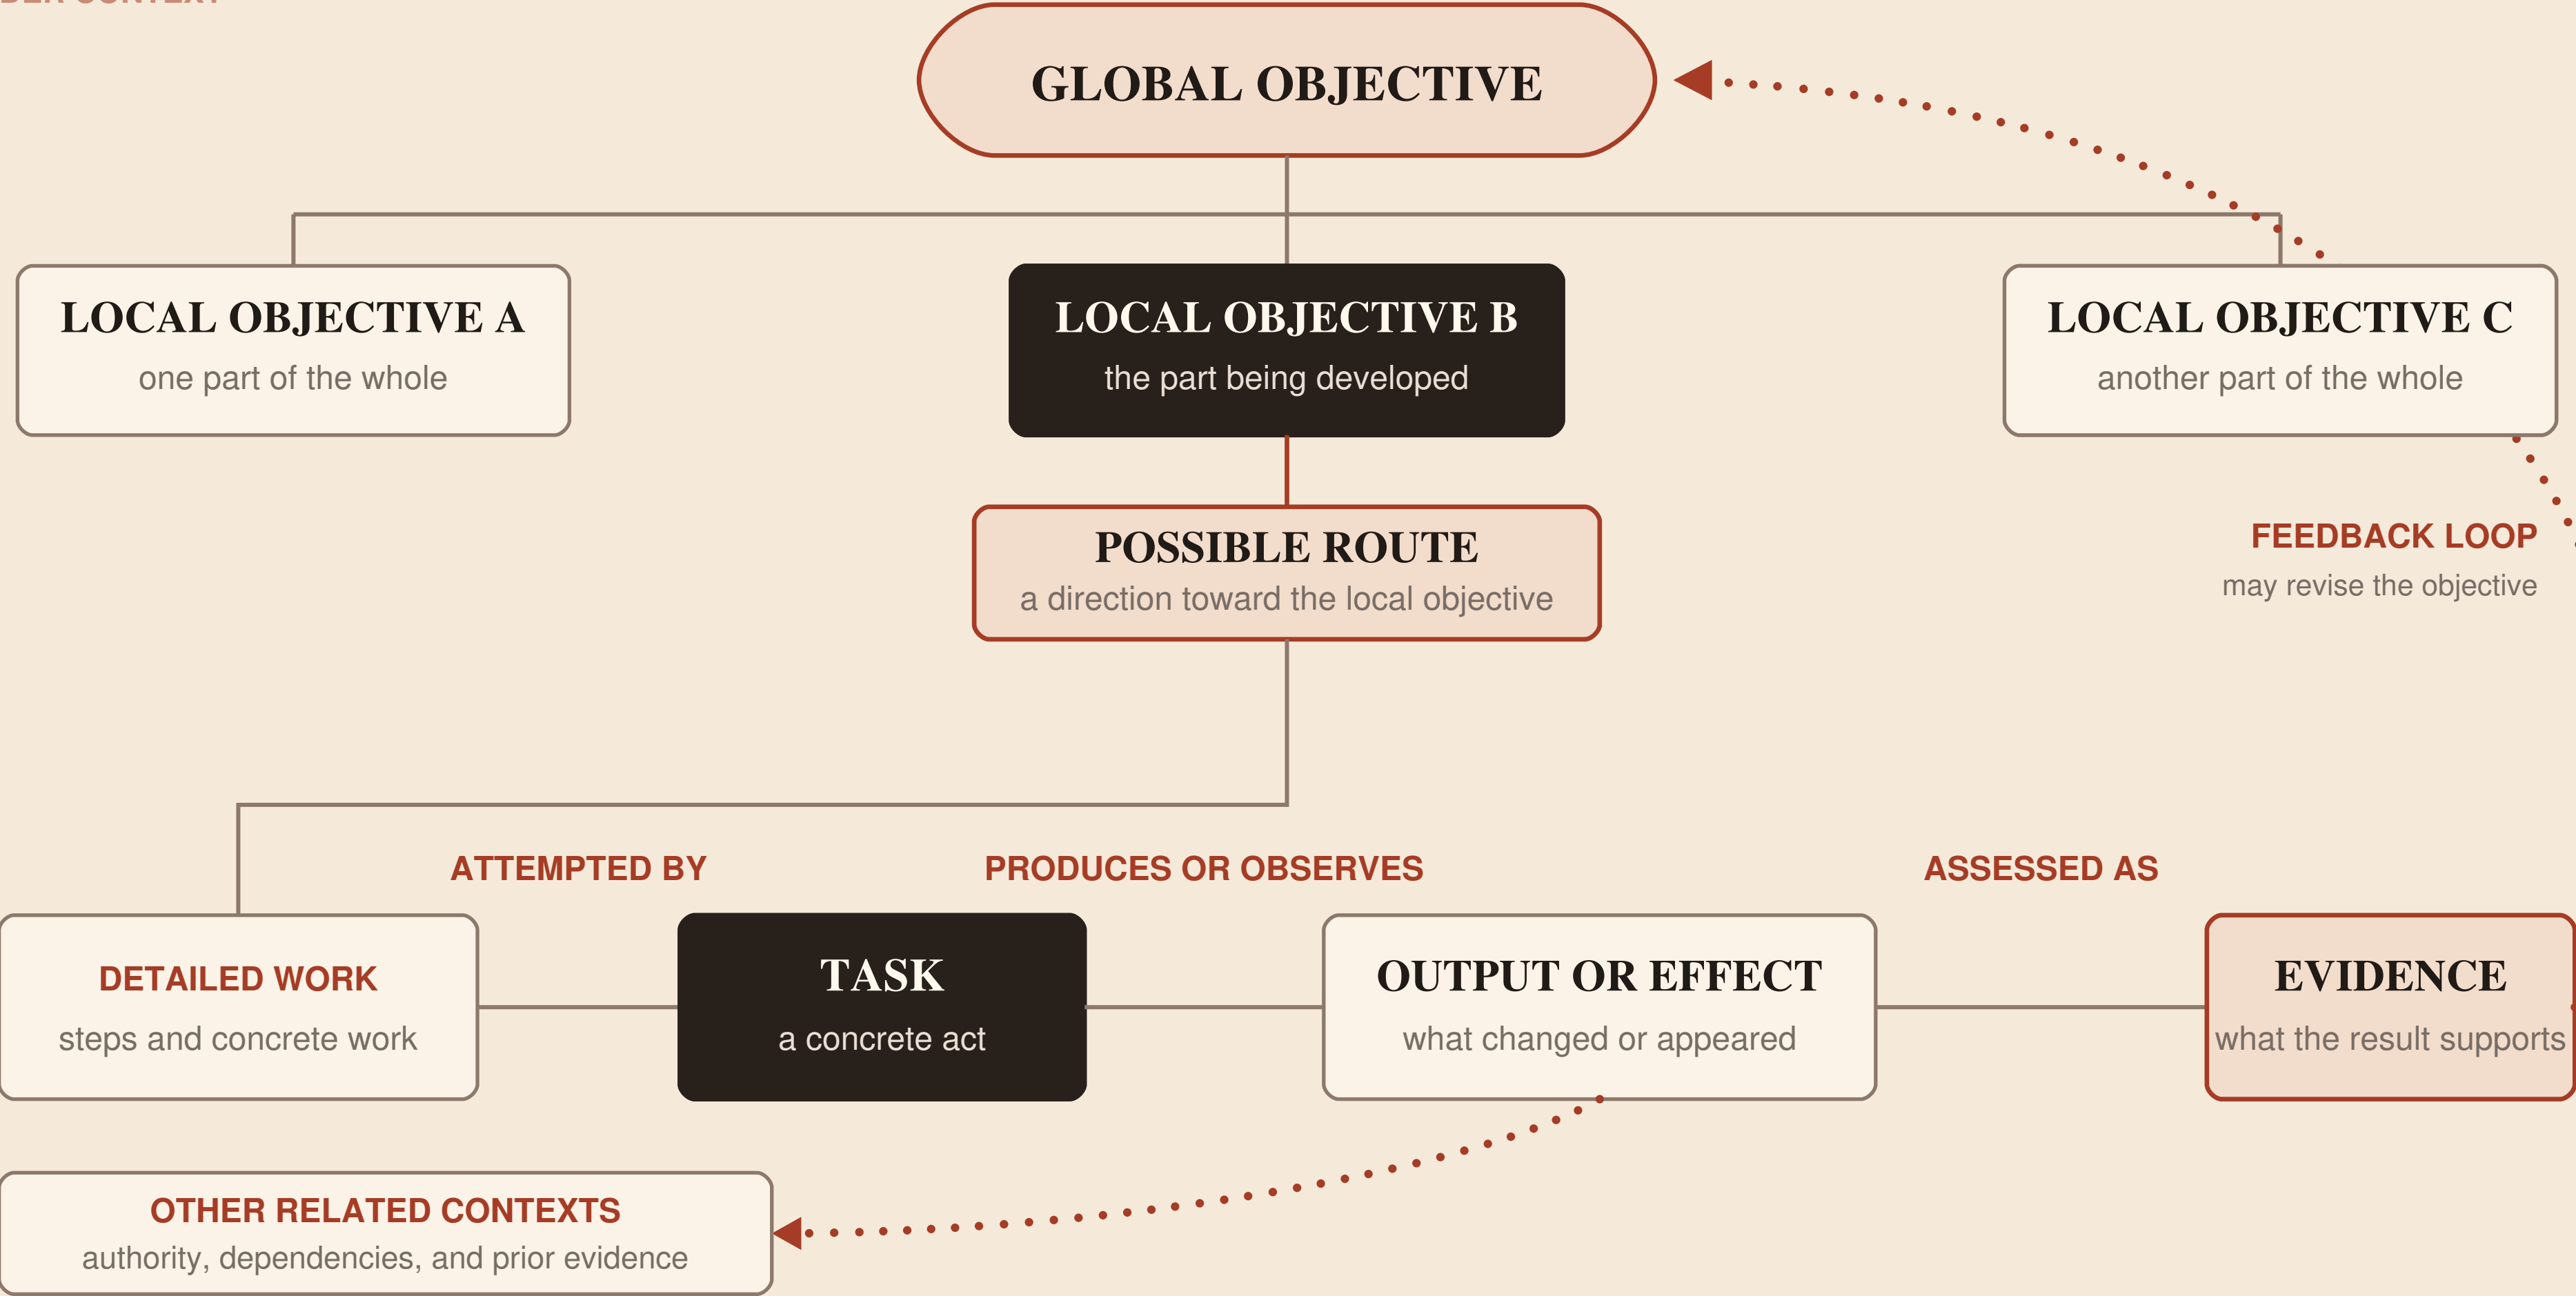

Recoverable Paths of Inquiry

An example of recoverable inquiry paths, not a canonical model of work.

From Global Objective to Evidence

BROADER CONTEXT

LOCAL WORK AND EVIDENCE

A global objective becomes concrete through local objectives, detailed work, tasks, and evidence.
